

GOULDING ANGUS LEGACIES SALE

25th - 29th September 2026
Via Denis Barrett & MartEye

WELCOME

Goulding Angus is a family-run operation, where our family derives a living from the land and our cattle. It is with great pride, and complete confidence in their ability to perform, that we present this exceptional offering to you of modern-day angus females.

For almost 35 years, we have dedicated ourselves to building a herd founded on quality, performance and proven genetics. Our journey has taken us to several countries in search of some of the finest cow families the Angus breed has to offer. Those experiences, combined with years of stockmanship and an unwavering commitment to breeding, have shaped the Goulding herd we have today. Our herd has repeatedly won the Large Herd title in the All-Ireland Aberdeen Angus Herds Competition.

We are very proud of our cattle, and we continually challenge ourselves to make the next generation better than the previous one. Only the best genetics are used, thereby ensuring a herd of predictable breeding. Proven sires are used based on pedigree and progeny viewed.

Years of focusing intensely on influential cow families and very strict culling have provided us with one of the most uniform, performance-driven and maternally powerful cow herd.

The offering we have here is a rare opportunity to purchase the best of time-tested genetics with a passionate Goulding focus and influence. The cattle on offer represents the best group of animals we have made available for sale to date. Genetics you won't find on the shelf!

Whether your ambition is to breed your next foundation female, influential stock bull, or show champion, we are confident these cows, heifers and maidens can play an important part in achieving this.

Most importantly, we want every animal leaving Goulding Angus to go on and succeed for its new owner. Should you have any questions before or after the sale, please do not hesitate to contact us. We are always happy to discuss the cattle and their breeding.

Thank you for your interest in Goulding Angus and we wish you every success with your purchases.

The Goulding Family.

SALE DETAILS

The Format

The sale takes place online at <http://denisbarrett.marteye.ie/> using Marteye online auction. Once bids start to close and a bid is placed, a 30 second counter will start. Once 30 seconds have passed without a bid, the Lot will close. Only then will the next Lot start to close.

Lots will open for bidding on Friday, 25th September. Lots will start to close in Lot order from 7pm on Tuesday 29th September 2026.

Herd Health

We recognize and are aware that increasingly our customers are relying on us to meet and exceed their requirements and expectations in regard to herd health. It is therefore our objective to continue to operate a stringent herd health programme. Our herd and our parish is 100% free of TB. The herd has achieved 'BVD Negative Health Status BHS' with the Irish National BVD eradication programme. We regularly test our animals for IBR and Johnes and we have never had a positive. We are fortunate our farm has no boundaries with neighbouring stock.

Animals requiring Export

All animals are eligible for export to N.I., UK and many European countries. Relevant testing requirements for the individual locations will be done and export documentation completed after the sale, when the destination is known.

ICBF and Economic Indexes

Intending purchasers should note that the animal evaluations provided in this catalogue are those available through and computed by the ICBF at the time of going to print.

Semen

Ex tank - Not Eligible for Export. Sold on a price per straw.

Transport

Transport can be arranged to all destinations if required. The cost to the purchaser will be kept to an absolute minimum.

GOULDING PHILIPPA X207

DOB: 17/03/2021

ID 372214806811207

This exceptional cow is the first of the four Philip-pas we are offering. Philip-pas took our 2021 Goulding Opportunity Sale by storm when six of our Philip-pas averaged over €5000 each. Her two most recent calves, a male and female, both by Clara Swanky, are remarkable. With 4 calves to date, a first calving at 24 months and an impressive 352-day calving interval, she combines exceptional fertility with proven breeding ability. A Philippa with the credentials to make her mark.

This impressive female is due 10th February 2027 to Clara Swanky, a male calf expected, a mating that is guaranteed to impress!

GOULDING ESTER B569

DOB: 24/02/2025

ID 372214806891569

Rarely is an Ester seen on a Sales Catalogue. Ester B569 is the first of three, not to be missed opportunities. Sired by the outstanding Clara Swanky. A long feminine, clean-bodied heifer. Milk, fertility, carcass, longevity. For a glimpse of what this family can do, look no further than her dam, Lot 3.

Incalf to our German import, Donaumoos Lassy Boy Z024, due approximately 3rd week in April 2027.

GOULDING ESTER X184

DOB: 17/02/2021

ID 372214806841184

Ester X184 is an elite breeding cow from a family with a proven record of producing cattle that make an impact. A direct descendant of the outstanding Ester A115. This family has produced several notable breeding animals, including Goulding Janey Mac, sold to the Tree Bridge Herd of Dave & Penny Evans, and Goulding Jim Dandy, sold to the Lisduff Herd of Leo & Anne McEnroe. This exceptional cow has an impressive 343-day average calving interval across five calvings – testimony to the fertility and consistency that runs deep through the Ester family. A genuine herd-building female with a pedigree to match.

Due around 25th February 2027 to Clara Swanky, female calf expected.

GOULDING JANE B573

DOB: 10/03/2025

ID 372214806851573

The Jane family are stand-outs in our herd and have already made their mark in several herds that have invested in them. This is a family that simply excels at producing functional, profitable cattle. One of its most famous sons is Goulding Jumbo King, arguably one of the best bulls ever to enter Irish A.I. This family are simply great at what they do! With her dam also selling as Lot 11, this is a female that offers both pedigree strength and genuine breeding potential.

Due around 20th March to Donaumoos Lassy Boy, female calf expected. We are especially excited about this upcoming mating.

GOULDING U PAMELA 185

DOB: 18/02/2021

ID 372214806851185

The Pamelas have proven to be an exceptionally profitable cow family here at Gouldings. Moderate-framed yet a maternal powerhouse. TShe boasts a remarkable 356-day calving interval, highlighting the fertility and longevity bred into this family. Her grandmother remained and stayed productive in our herd, into her 16th year with 15 calves to her name! Four of whom went on to become stock sires in pedigree herds. This Pamela possesses the same exceptional maternal qualities, fertility and longevity, and looks well placed to follow in her grandmother's footsteps.

This cow is incalf to Clara Swanky and carrying her fifth calf. Due 08/03/2027, female calf expected.

Great cows have great daughters as this model heifer demonstrates. The Missie excellence continues. Show potential and a definite to breed, written all over her. Style in abundance combined with correctness and femininity, makes her particularly eye-catching. The Lassy Boy crossing with the Swanky daughters has really created the business here.

GOULDING PRINCESS B622

DOB: 15/10/2025

ID 372214806841622

This beautiful Princess heifer has all the characteristics of what an Aberdeen Angus heifer should have. A long, deep-bodied, stylish heifer. She bears a remarkable resemblance to her granddam, Elegant Princess, who was unbeaten in the showring and crowned All-Ireland Champion. Twice the breed average for carcass weight, coupled with her model parentage makes Princess B622 more than a little exciting.

GOULDING PRINCESS B623

DOB: 16/10/2025

ID 372214806851623

The Princess daughters are truly outstanding - and this is the last Princess in the sale. Donaumoos Lassy Boy is really putting his stamp on his progeny, and this female is a prime example. With 5 Stars across all Economic Indexes and carcass weight twice the breed average, she is sure to make a strong foundation cow. A female with the pedigree, figures and phenotype to build a herd around.

GOULDING JANE X205

DOB: 16/03/2021

ID 372214806881205

Our Jane cows are a result of a lifetime of creation and work. It's so rewarding when you see a cow like Jane X205. Many top herds in the country are reaping the benefits of this dynasty. Their proven ability to consistently produce outstanding offspring truly sets them apart. Jane X205's granddam was from the same flush as Goulding Jumbo King. Cows of this calibre, backed by this depth of breeding are hard to come by.

Due 08/04/2027 to Clara Swanky.

CONDITIONS OF SALE

Auctioneers Conditions of Sale

1. The stock will be sold in Euro's plus a 5% buyers premium on the hammer price.
2. The bidding is to be regulated by the auctioneers, the auctioneers will regulate the bidding as they see fit.
3. The highest bidder for any lot shall be the buyer and the contract shall be concluded on the fall of the hammer. If any dispute should arise, the lot in dispute is to be put up again and re-sold, or the Auctioneers may determine the dispute at their discretion and their decision shall be final.
4. The Auctioneers reserve the right to refuse the bid of any person without being called upon to give a reason for such action. The purchaser is to give his/her name and dwelling place and pay for all lots at the close of sale. No lot or lots shall be removed from the vendor's premises until paid for, but each and every lot shall immediately at the fall of the hammer be considered as delivered and be and remain in every respect at the absolute risk and expense of the respective purchaser or purchasers thereof and shall be removed at the purchasers' expense.
5. It shall be the Vendor's responsibility to ensure that their animals are declared as being eligible for export at the time of sale. No liability shall rest with the Auctioneers for failure to declare any animal as being export tested.
6. Title (ie.ownership) to any animal or animals will not pass to the purchaser until payment of the entire price bid by that person or persons shall be discharged to Denis Barrett Auctions.
7. Animals must be collected within 10 days of the conclusion of sale. There will be no complaints entertained after 3 weeks from the conclusion of the sale as is appropriate with a full dispersal.
8. All loading shall be the duty and responsibility of the purchaser. All animal movements are the duty of the vendor and purchaser.
9. All statements in the catalogue or any made by the Auctioneers at the time of sale, also the identification of the animals, are the entire responsibility of the vendors. The Auctioneers take no responsibility for the correctness of such statements or identities.
10. The Auctioneers act, as agents for the vendors and any action taken by the purchaser must be against the vendor and not against the Auctioneer, and "vice, versa".
11. Neither the vendors nor the Auctioneers will be responsible neither for any accident through fire or any other cause nor any damage done to the lot, during or after the sale.
12. If any of these conditions are unfulfilled, the vendors or the auctioneers shall have power to re-sell the lots, retaining any surplus and charging any deficiency and expense to the defaulter.
